

INSTALL WITH CONFIDENCE!

Offering a comprehensive range of over 850 premium quality products that are exceptionally priced.

- **OIL:** Constructed using premium quality materials such as a powdered coated outer casing. Filter paper specifically matched to application.
- **AIR:** Utilises wire mesh and polyurethane seals for strength and leak resistance.
- **FUEL:** Moulded filter paper rather than glued for optimum performance.
- **CABIN:** Produced from specifically selected media which captures smaller particles through an electrostatic charge.
